Boxed In...Again

The 3:4:5 triangle A-F-E occupies 3/8 of the area of the Rectangle A-B-C-D. BG is perpendicular to AF. CH is perpendicular to EF. DJ is perpendicular to AE. Find the missing right-angle tie distance, DJ. (Can you find the size of the rectangle also?). ■

For the solution to this problem (and much more), please visit our website at: www.amerisurv.com. Good luck!

Dave Lindell, PS, retired after 36 1/2 years with the City of Los Angeles. He keeps surveying part time to stay busy and keep out of trouble.
