On the Cover

One of the earliest and most prestigious photogrammetric awards presented by ASP, this 40-pound "traveling" trophy was awarded to the winner of the Talbert Abrams Award from 1945 through 1984, when it was retired in favor of individual plaques.

Features

- 10 ASPRS is 75!**
This world-class organization is poised for the future.
By Marc Cheves, LS
- 32 BIM and Laser Scanning for As-built and Adaptive Reuse Projects**
Fixing, refurbishing and optimizing infrastructure for a more sustainable future.
By Terry D. Bennett, LS, LPF, LEED AP
- 48 Rapid-fire Surveying**
Mission accomplished: measuring 20 miles of interstate in less than eight weeks.
By Jason R. Kack, LS
- 54 A Visit to Hemisphere GPS**
Take a look inside the R&D wing of a "new kid on the block" in GNSS.
By Marc Cheves, LS
- 72 Surprise Bridges the Gap Between CAD and GIS**
Stand-alone software allows a seamless path between CAD and GIS.
By Matt Freeman

Departments

- 63 Model Behavior:**
The How-To Guide to Successful Surface Modeling
This is the first article in a series on preparing digital surface models and sharing them with clients and other project stakeholders.
By Kenneth A. Crawford, PE
