features

18 Monumental Challenge—Ben Kacyra's Remarkable Perseverance

In the United States, one name is associated with the invention of laser scanning as we know it.

MARC CHEVES, PS

23 The Fox is Guarding the Hen House, and the Inmates are Running the Asylum

Does the proposed redefinition of land surveying remove the requirement for boundary surveying experience?

CHAD & LINDA ERICKSON

34 Civil Engineer Places Two-Million Dollar Home on Wrong Lot

This was not land surveying.

MICHAEL J. PALLAMARY, PS

40 The Artillery Surveyors in WWII—Africa and Europe

Part 1 of 3: In Advance of the Infantry.

ALBERT "SKIP" THEBERGE

46 Putting a Face on the Country

Visible from space, this art project on our National Mall in D.C. benefits from RTK.

LARRY TROJAK

departments

6 Book Review: *Modernizing American Land Records: Order upon Chaos*

Five surveyors review this new book from Esri Press.

10 Vantage Point: Unseating Mineral Claims

"Title washing" in Pennsylvania as it relates to oil, gas, and minerals, and also how it affects a FEMA Mitigation Policy.

WENDY LATHROP, PS, CFM

12 The Curt Brown Chronicles: Tie Points—1961

The usual objections to improperly set tie points come from surveyors with private records; they know when something is wrong.

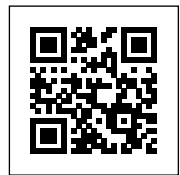

COMPILED BY MICHAEL J. PALLAMARY, PS

14 HP35s Calculator, a Field Surveyor's Companion:

Part 3—Traverse

In 1688, John Love already understood how the programmable calculator could become a positive augmentation of our individual professional knowledge.

JASON E. FOOSE, PS
