Pump jacks, also known as nodding donkeys, extract the black gold upon which our civilization runs.

Features

- 8** **Standing the Test of Time—A Visit to Topographic, Inc.**
For more than 50 years, this Oklahoma company has specialized in oil and gas surveying.
Marc Cheves, PS
- 16** **Pacific Railroad Crazy—The Story of Theodore Dehone Judah**
An account of the surveyor who single-handedly championed the transcontinental railroad.
Bart Crattie, PS, CFM
- 40** **George E. Marsh: Dust Bowl Gypsy**
The Coast & Geodetic Survey historian provides a charming account of a colorful character on the transcontinental triangulation.
Albert “Skip” Therberge, Jr.
- 48** **How Wide is the Right of Way on a County Road?**
In response to this question, the author’s standard response is, “What does the deed say?”
Richard T. Tolbert, PS

Departments

- 33** **Reconnaissance: Unwritten Easements and ALTA/ACSM Land Title Surveys**
Surveyors should consider including Table A item 11(a) on every Land Title Survey—whether the client asks for it or not.
Gary Kent, PS
- 35** **Vantage Point: Smart Vent: Safety and Service**
Any device that requires human action to open it does not adequately protect a building from hydrostatic pressure.
Wendy Lathrop, PS, CFM
- 56** **Footsteps: Determining Property Corner History**
You can’t trust the monuments you find in the field if you don’t know the history of the corners they are set to mark.
Landon Blake, PS

In This Issue

- 4** **Editorial: Oil and Gas Surveying**
The editor discusses a different kind of surveying and his connection to it.
Marc Cheves, PS
- 52** **Advertisers’ Directory**
- 53** **MarketPlace**
